

## ABU DHABI INDIAN SCHOOL, AL WATHBA

*“If you can speak, you can influence, if you can influence, you can change lives”.*

Abu Dhabi Indian School, Al Wathba added yet another feather in their illustrious cap with two budding students making their Alma Mater proud as they held aloft a glittering trophy relishing this glorious moment. The event continues the school’s excellence in international and inter-school debate competitions.

Alfiya Sarwar was selected as the ‘Best Speaker’ of the event and Adil Mohammed was specially highlighted for his precise framing of arguments and rebuttals.

The event conducted in Bright Riders School, on the occasion of the recently concluded environmental awareness day, sought to raise awareness among youngsters and adults alike, the impending future that lies ahead of them with increasing technological consequences on the environment. The opposition was required to justify the use of technology in our daily lives.

The rounds commenced with both students representing either side of the spectrum and each delivering their respective points of argumentation which was followed by a brief questioning session by the moderator on the relevance of the given motion. During the second round the contestants refuted and reinforced the arguments stated in the previous round of debate.

Ultimately, it was a rewarding experience to all participants. The day demonstrated just how necessary it is to debate key issues and how crucial it is to have the ability to be a strong public speaker.
